REGIONAL
UTILITY SERVICES
A VETERAN OWNED SMALL BUSINESS

REGIONAL UTILITY SERVICES

RUS was founded upon the principles of providing unparalleled Safety, Quality, Service and Value to all customers.

We set out to achieve this by hiring and retaining the highest quality workforce from the field to the office and providing these employees with benefits packages and safe work environments that incent them to remain with RUS. We have been very successful in this area as we have absolutely the best quality teams available and our turnover rate is less than 7%.

RUS recognized the importance of safety in the work place and sought out the best in the industry to help us achieve and maintain the best safe work practices at work and in our personal lives. All employees are reminded that at all times, no matter the circumstances, always do the right thing. This applies to housekeeping in the facilities, dealings with customers, vendors and competitors. This philosophy allows us to develop a lasting partnership with our customers based on mutual trust.

Our pledge is to deploy the safest and best crews, to do the highest quality work, and to meet or exceed our customer's expectations.

RUS is proud to be a Veteran Owned company.
